Solicitation

In order to prevent disruption of operations, interference with work and inconvenience to other employees, solicitation for any cause or distribution of literature of any kind during work hours is not permitted. Working time does not include lunch periods or breaks.

Termination / Resignation

When retiring or terminating employment, the Highway Department would ask that you please give at least a two weeks' notice. Upon termination, all keys and other company property must be returned. Terminating employees will receive all earned, but unused, vacation time. Final paychecks will be deposited on the regularly designated payday.

Use of County Vehicles and Equipment

All vehicles, including those provided to the Commissioner, Superintendents, and Shed Supervisors are to be used solely for county business and under no circumstances for personal use.

All shop and maintenance equipment are to be used for county business only.

If the situation should arise that after cutting trees on the county right of way, the property owner would not want the wood, it is to be hauled to the district shed. Employees are welcome to take the wood home after regular working hours in their personal vehicles.

Employees are prohibited from using county equipment to plow their personal driveways or perform work on personal vehicles/equipment at the district sheds.

Use of Vacation and Sick Leave

Sick leave may be taken by the quarter hour. Vacation may be taken by the hour only.

As you are aware, your available vacation hours are listed on your check stub each payday. Begin the year by checking your available hours. If you are entitled to additional hours, they will become effective on your anniversary (starting) date. Once you have established your vacation hours are correct, the record keeping and use of these hours is your responsibility.
